Record Crowd and Splendid Drill by Canton Petaluma No. 10 Made Evening Big Success.

The annual ball given by the Sonoma Lodge of I. O. O. F. exceeded in brilliancy, all affairs of the season. In addition to the record attendance from here and neighboring cities, the presence of the Canton Petaluma 10 Patriarchs militant drill corps and the uniformed drill team work, proved a spectacle long to be remembered. The Canton drill team was composed of the following officers and men:

Leutenant, Glen Couger.
Ensign, Don Jamison.

J. McCloud.	James Gray.
Geo. Gough.	A. W. Agnew.
Edw. Heald.	B. E. Cox.

GAS POCKET EXPLODES AT GRIFFITHS OIL WELL.

Edward Seaton, driller, employed by the Griffiths Oil company at Monti cello, was burned about the face, head and arms when a gas pocket exploded at the 400 foot level on the well he was working on. Two attendants were slightly burned.

Seaton, not expecting the gas pocket, dropped a piece of lighted waste down the well to see how the reamer was working when the fireignited the gas, shooting flames up the shaft.

The injured man was removed to the Monticello general hospital, where it is believed he will recover.

The force of the explosion shook the earth for considerable distance but no damage was reported other than that done to the drilling outfit which was completely wrecked.

This well and others on the Griffiths property are under lease to the Associated Oil company.

Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

THREE PRESIDENTS ASK AID FOR CHINA

Harding, Wilson and Taft Appeal to Americans to Help Stricken Millions of Sister Republic.

The President and two ex-Presidents of the United States have joined, for the first time in the history of the country, in an appeal for a philanthropic enterprise. President Harding, ex-President Wilson and ex-President Taft are all in the forefront of the movement to send aid from America to the famine victims of China.

One of President Harding's first official acts after his inauguration, taken when he had been in the White House less than two weeks, was to renew the appeal made by his predecessor in behalf of America's sister republic in the East. President Harding said in part:

"At this, the earliest practicable moment in my administration, I desire to add my own to the many appeals which have been issued heretofore in behalf of the starving people of a large section of China. * * *

"The picture of China's distress is so tragic that I am moved, therefore, to renew the appeal heretofore made and to express the hope that the American people will continue to contribute to this humanitarian cause as generously as they possibly can."

In appointing the American committee for China Famine Fund, with his own immediate predecessor in the White House, ex-President Taft, as one of the members, and Thomas W. Lamont of New York, as chairman, President Wilson said in his proclamation:

"Not only in the name of humanity, but in that of the friendliness which we feel for a great people in distress, I venture to ask that our citizens shall, even though the task of giving is not today a light one, respond as they can to this distant but appealing cry for help."

BACK UP YOUR CHAMBER OF COMMMERCE

THE VALLEY OF THE MOON Chamber of Commerce with its new directors and officers is starting on a fresh era with renewed determination to be of great utility and service in the up-building of Sonoma Valley. Every citizen should get behind the organization which can be made one of the leading promotion bodies of Northern California. Sonoma Valley has all the advantages and material a booster body could desire and it has the citizenship, too, if individual interest can be awakened to civic duty and men and women of the Valley of the Moon will answer the call to work in harmony and cooperatively for community welfare. The new president of the local Chamber of Commerce is a wide awake business man of experience and breadth of vision. His colleagues comprise big property owners and business men and a business woman too, with special talent for big enterprises. The new Secretary of the organization is a college trained man, keen and active. The organization bids fair to give a good account of itself under the new regime. We should all unite and give the directors our unqualified support.

CORONER PHILLIPS ENDORSED BY MANY COUNTY PAPERS

CORONER AND PUBLIC ADMINISTRATOR Frank H. Phillips, who is known throughout Sonoma Valley as Sonoma County's most genial and wide awake county official, has the backing of the influential papers of Sonoma county in his candidacy for reelection. With a knowledge of of his manifold duties so ably performed and recognition of his abilities to fill the important post to which he has been repeatedly elected by large majorities, influential papers like the Petaluma Argus and Santa Rosa Republican are loud in his praises. Here is what the Argus says:

"Down to date The Argus has been unable to discover any local aspirants for any of the county offices to be filled by the people of Sonoma county at the fall elections, and the indications are that Dr. Frank H. Phillips, who will seek re-election to the office of coroner and public administrator, will continue to be South Sonoma's sole representative in county official circles. In any event, the people of the southern end of the county will send Dr. Phillips north with such a tremendous majority that any and all opponents, if there be any, will be rendered hors d'combat. If there is any one thing people down this way know what they want, in so far as the county election is concerned, it is that Dr. Phillips shall be reelected. There are ample reasons for this desire. The fact that Dr. Phillips has long been our sole representative in county official circles, it is that he shall be reelected and continue in office. The outstanding reason for the loyalty of our people to Dr. Phillips is the manner in which he has conducted the affairs of his dual office. No previous holder of the office of coroner and public administrator has rendered even comparative service to the people of the county. The office is too often regarded as of little importance, whereas the reverse is true. It ranks next to that of the courts of the county. It is really a judicial office. When he holds an inquest, the coroner becomes a judicial officer, with power to summon witinesses and exact testimony. As administrator of estates, the public administrator is charged with responsibility that requires probity and ability. In case of incapacity of the sheriff, the coroner assumes the ad interum duties of that officer. Dr. Phillips was sheriff of the county for the brief period intervening be tween the death of the late Jim Petray and Sheriff Boyes.

"During the years that Dr. Phillips has been coroner and public administrator he has conducted hundreds of inquests, and in each and every instance he has been absolutely fearless, probing the circumstances of death with a single determination—to get at the facts regardless of consequences to friend or foe As public administrator he has handled the funds of deceased persons with absolute fairness to the heirs and frequently to their distinct advantage. Each succeeding grand jury has found his accounts correct to the last penny and has had only praise for the manner in which his office has been conducted.

"So far as the office of coroner and public administrator is concerned, the people of South Sonoma county, will say to Dr. Phillips:"Well done, good and faithful servent," and reelect him for another term.'

WEDDING OF VERONICA HILTON

Miss Veronica Hilton, former popular Sonoma girl and Native Daughter, was married in San Francisco on last Saturday evening to Henry Keifer of that city. The wedding was solemnized by Rev. Father Cullen of the parish of Sacred Heart. Immediate relatives including the bride's mother and sister and her friend, Miss Nellie Peterson, who was bridesmaid, were present. Charles Lynch, a chum of the groom, was best man.

After the ceremony and elaborate wedding dinner was enjoyed at the St. Germain.

"Bonnie" Hilton's many Sonoma friends will extend best wishes. Since leaving here she has been the accommodating private exchange operator at a leading mercantile establishment in San Francisco. Mr. Keifer is connected with a San Francisco Ford agency.

OPENING NEXT SATURDAY

J. Lucia and A. Rinaldi, successors to G. Garoni and new lessees, will open their place the Eagle's Nest, Agua Caliente, next Saturday night. There will be music, dancing and good eats and the public will be made welcome.

Messrs. Lucia and Rinaldi are from San Francisco and will aim to please old and new customers.—adv.

MISSION ENTERTAINMENT AT DON SUCCESS

The benefit nights at the Don Theatre for the old Mission fund were well attended. The film attractions and the Foxy Four were greatly enjoyed.

GUEST AT LONDON RANCH

Del Bishop, who mined in Alaska with Jack London and was his cabin partner there, has been a guest at the London Ranch, Glen Ellen.

First to establish the $10.90 price—"Usco"

THE makers of U. S. Tires made this announcement last November—

"Hereafter the price of the 30 x 3½ 'Usco' is $10.90."

The lowest price ever quoted on a tire of *quality reputation* and *standard performance*.

* * *

And now, with the opening of Spring, there seem to be quite a number of "New and Special tires" coming into the market in the $10.90 price range.

Perhaps you are wondering just what there *can* be either "new" or "special" about these tires.

It can't be the $10.90 price—"Usco" established *that* five months ago.

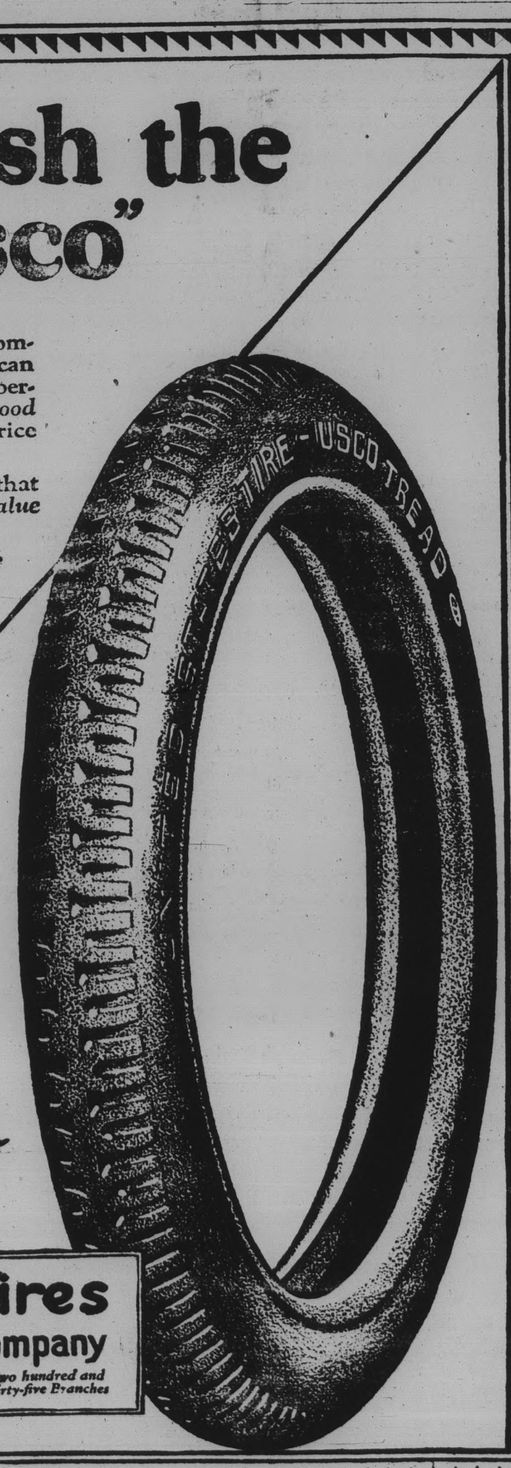
Nor *quality* reputation and *standard* performance—for it takes more than one full season for any new tire to *demonstrate* where it stands in quality and value

* * *

With so many tires rushing into this $10.90 price field (now that the season promises business from the American car-owner), it is worth remembering that "Usco" showed its *good faith* by announcing this price *last fall.*

The same intent to serve that has made "Usco" a *standard value* for years.

The "Usco" Tire was never better than it is today—with its established quality, its time-tested performance, *and its price closely figured in tune with the times.*



$10.90 and even better than the price

"We believe ZEROLENE is the most efficient lubricant made for the modern automobile engine. If it were possible to make a better oil than ZEROLENE this company would make it."

The President of the Standard Oil Company (California), author of the statement quoted above, is right in believing that Zerolene is the best motor oil made. The lubrication engineers of this company have proved it repeatedly, by means of thousands of dynamometer and road tests of Zerolene and competing oils.

The reasons for Zerolene's superiority are: First, that the Standard Oil Company (California) possesses resources of crude oil and of manufacturing equipment and personnel that are unsurpassed in the entire petroleum industry. Second, that the engineers and chemists of this company have, from the beginning, been given carte blanche to make full use of these exceptional resources, and to spend all the time and money needed to develop a lubricant ideally suited to the needs of the modern internal combustion engine.

At the President's request, we are undertaking to tell the motorists of the Pacific Coast the story of Zerolene. We shall do this by means of a series of signed statements in the public press. These statements will set forth in plain language the requirements of an efficient motor lubricant, and the detailed reasons why Zerolene meets these requirements perfectly.

CLUB NOTES

An afternoon long to be remembered was held at the Sonoma Valley Womans' Club house, April 21st. After neccessary business transacted, a most enjoyable programme was rendered, Mrs. Harriet Clewe being the charming program director.

The Petaluma Womans' Club was represented by nine of its energetic members. Mrs. John Sales, the President, gave an informal talk on Club Life and proudly informed us they numbered 300 members. Mrs. Frank Greene read a most interesting paper on the life of Kathleen Norris, the favorite California authoress and read the pathetic selection from the writer, entitled Mother. Hearty applause expressed the appreciation of the audience. The other Petaluma ladies were Mrs. J. Olmstead, Mrs. A. Phillips, Mrs. Mainwaring, Mrs. Langan, Mrs. R. Stites, Mrs John Beck and daughter. Mrs. Langan sang two favorite solos. Madame Maerilla, our local artist beautifully rendered "For All Eternity," with violin obligato, by Mr. Beard and Mrs. Murphy as accompanist. Mrs. Ethel Johannsen sang two selections beautifully and was much appreciated by all. Miss Stofen spoke in behalf of the Mission committee and reminded those of the entertainment to be given at Don Theatre.

The following delegates were appointed to the San Rafael convention Mrs. R. Hotz and Mrs. Ed. Clements. Mrs. Koeboon will be delegate to the Los Angeles State Convention.

Madame Mareilla extended an invitation to the Sonoma Valley Womans' Club, their families and friends to an entertainment at her studio, Thursday May 4th. The ladies warmly thanked the gracious Madame and will show their appreciation by their presence.

Russian tea and delicious cakes were served by the hostess, Mrs. Chas. Cutter and much enjoyed

Very Respectfully,

L. V. EMPARAN Club Reporter.

INCUBATOR INDUSTRY THRIVING IN SONOMA

Raymond S. Kitchen, manufacturer of incubators, the patent on which is an invention of his brothers declares he made no mistake in selecting Sonoma as the site for the manufacturing plant of Kitchen Brothers. He is meeting with success and getting the endorsement of many leading poultry men in this valley.

D. Colli of Vineburg after investigating many machines came to the decision that the Sonoma made incubator is a master machine. Its three minute feature, big hatches, twenty day hatches, steady even heat and moisture and control of moisture, commended the Kitchen patent to Mr. Colli. After culling eggs himself, Colli did not hesitate to decide on the purchase of four machines with a capacity of 1500 eggs.

Mr. Colli is one of the valley's most successful poultrymen.

TO PUT SONOMA RESIDENCE TRACT ON MARKET

H. H. Hunt, formerly of Stockton, who sometime ago purchased the Chase tract southeast of town, has decided to put fifteen acres of this desirable property on the market and will sub-divide it for residence purpose. Good sized lots at a reaonable figure should make this tract very popular with home seekers and in order to keep up the sub-division to the high standard of surrounding property, there will be building restrictions.

Mr. Hunt and family plan to build a beautiful home of their own on the site of the old Chase homestead and will retain fifteen acres surrounding it. The fifteen acres to be subdivided is all excellent soil and many natural and beautiful shade trees make this among the most attractive residence districts in the city of Sonoma.

Mr. Hunt is enthusiastic over Sonoma Valley's growth and prospects He has traveled all over California and does not hesitate to say that Sonoma property is better for the money than anything to be found in the state. He believes that the use of more modern farming implements and more intensive agriculture will make the Valley of the Moon one of the most productive and beautiful in the West.

After their regular meeting last Monday night, the N. S. G. W. were guests of N. D. G. W. at a dance and supper. It was a pleasing affair and dancing continued until 12. to excellent music. Mrs. Paul Robin was chairman of the committee.

CONTRACT LET ON SCHELLVILLE—SANTA ROSA ROAD

The contract for the building of the highway from Santa Rosa to Beltaine was awarded Tuesday to Grant, Smith &Company, according to a telegram received by Senator Herbert W. Slater from N D. Darlington of the State Highway Commission. The message was sent from Los Angeles.

Division Engineer John J. Skeggs and Engineer of Maintenance, J. H. Kreitler of the State Highway Commission were in Santa Rosa Tuesday on their way north to inspect highway construction between Healdsburg and Cloverdale. They spent some little time in this city and at noon were guests at the regular luncheon of the directors of the chamber of commerce, at which in addition to the board members there were a number of other citizens. Mr. Skeggs made a brief talk on highway construction and mentioned the early work that is to be started on the building of the Santa Rosa-Schellville road.—Santa Rosa Republican.

"ENOUGH", SAYS CASTLE INMATE

Jail is a better place to live than the famous old Cat Castle in the Valley of the Moon. So says Betty Carey

She's written Police Judge Jacks and Police Lieutenant Jim Boland asking that she be transferred to the county jail from the Cat Castle, now state home for delinquent women.

The legislature passed a bill creating the home. The state board of control bought a square mile of land in the Valley of the Moon. On it was a mansion, locally known as the Cat Castle. Buildings were reconstructed a staff appointed, a board of trustees was named and the place was opened for business. But Betty Carey for a month has been the only inmate of the place, and she'd rather serve a year in the county jail than spend a month in the Valley of the Moon.

"What awful narrow-minded people are in the beautiful Sonoma Valley"! she wrote Judge Jacks. "They had the idosity of putting my name in the Sonoma paper." 'They said I was so wicked they wouldn't have me in the city of San Francisco, that I have actually asked one of these insignificent farmers for a cigarette. I did, Judge Jacks, such a breach of ethicate!" "Such small town newspaper talk! They said a woman captured me. It took three men to capture me and I certainly have them agreeing ith me that they don't want to hunt me again.

"I am proud, and being mentally highly developed, I cannot bear this minor treatment. Judge Jacks, I'm not a child. They say San Quentin makes worse criminals. A word to the wise is sufficient.

"Not threatening, Judge Jacks, your honor, but my feelings against society at large! That part would drive me insane up here—to be treated like an imbecile or a naughty child.

"Do they really think they can rehabitilate women like myself that have been raised in New York City. I want to go to the county jail where I will be treated like a woman among my kind.

"I have two brothers in government service, one an M. D. and my big brother is captain of police in the city of Chicago. They will come out and wreck this farm.

"I feel like one of the goats out on this farm. I shall never milk these goats." —S. F. Daily News.

MOUNTED POLICE FOLLOWS HIS MAN THREE YEARS.

It is a well known fact that when once the well known Mounted Police get on a criminal's trail, they never let up until he is caught if it takes a lifetime. How this famous force works and the system they use will be strikingly told and illustrated when the Northwest Mounted Police appear in person at the Don theatre on Wednesday night, May 3. You will be taken on an illustrated travelog to within 500 miles of the North Pole, over 700,000 seals, the top of Mount McKinley,the highest and grandest mountain on the American continent, the dog teams in the frozen ice-bound Arctic, the famous "Dripping Glazier" 5,000 buffalo in one herd. You will also hear the most startling expose of the dope traffic ever delivered. Than you will be treated to "Arctic Vaudeville" something entirely different from the vaudeville you have been used to seeing. Then, just for good measure, you will witness six of the most interesting reels it has been your privilege to see. You will see all this and more when the famous Northwest Mounted Police appear here on Wednesday. (adv.)

"CHINA WEEK" IS SUPREME EFFORT OF FUND WORKERS

As a practical and popular demonstration of the sympathy of the nation for a sister republic, a "China Famine Week," to be observed throughout the United States, has been set for the eight days from Sunday, May 1, to Sunday, May 8, inclusive.

In this week it is hoped that the churches and civic, commercial and professional bodies will take an active part. The success of this week will determine largely the amount of relief which can be sent through personal sacrifice to 5,000,000 starving people still dependent on outside aid.

Mrs. Phil Leiser has been away this week attending the wedding of a cousin in the bay city.

Mr. and Mrs Pen Taylor, their daughter Muriel and Mr. R. W. Johnston were in Sonoma Tuesday. Sonoma is the old home of Mrs. Taylor who as Ruth Sheldon will be remembered as one of the pretty girls of 20 years ago. She is the mother of two young lady daughters and a son.

Mrs. Sam Sebastiani has been in San Francisco with her little son who is under treatment at the University Hospital for an injury to his hip. Some months ago the boy, who had an apple in his pocket, fell and the apple, acting as a lever, threw his hip socket slightly out of place. The extent of the injury was unknown for some time, but when the little fellow continued to limp, doctors were consulted and it was decided to take him to the hospital.

BALLOTS NOT MARKED RIGHT SAY CONTESTANTS

Benjamin Behler, Wm. Craib St.-Clair Moore, E. P. Rich and Annette D. Whipple, who, on the face of the returns, were defeated by a large majority for trustees of the Dunbar Union school district, have filed a superior court petition for an alternative writ of mandamus to compel the school board to issue each of them certificates of election. The defendants are the board of trustees, concisting of Milo S. Baker, Earl Mead, Leopold Justi, D. S. Frideger and Alice E. Schieck. The complaint sets forth that the plaintiffs demanded certificates of election when the official canvass was completed and were refused and have ever since been refused same.

Casey and Lambert of Santa Rosa represent the plaintiffs.

The petition comes as the result of the contest waged in the district to prevent the district from functioning with Los Gulicos district as a portion of a union district. It is claimed by the plaintiffs and their supporters that most of the ballots cast at the election were not legally cast votes.
